

WE LEAD THEM ALL.

FIRST

In the Field to Cut the Prices of Seasonable Summer Goods!

LAWNS TO-DAY!

How bright, fresh and cool they look. You didn't know that for 35 cents you could get a pretty LAWN DRESS less than it would cost you to get the old one washed.

FIFTY PIECES FIGURED LAWN, AT 3 1/2c. PER YARD.

How provoking to lose your HAND-KERCHIEF, that you have just paid 25 or 50 cents for. TO-DAY we will sell you one for 5 cents, nearly as good; plain white, fancy bordered, or mourning.

WE HAVE TOO MANY SUMMER GOODS!

You have not enough at the prices we shall cut them to.

Commencing Thursday Next, WE WILL HAVE A

THREE DAYS' SALE!

Not only of SUMMER GOODS, but many other lines which we wish to close. It takes a little time to mark down, arrange and get in proper shape so large a stock as we will have in this sale. To do this we will CLOSE OUR STORES TO-MORROW, at 12 M., that we may have everything in ship-shape for our GREAT THREE DAYS' SALE.

(See Wednesday's Advertisement for List of Goods in Thursday's Sale.)

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

FRUIT PROSPECTS.

Anticipation of Big Crops—Very Little Injury by Frost.

VACAVILLE, May 16th.—No damage was done to cherries or anything by frost. Tartarian cherries are light, though. The prospects for apricots and peaches are the biggest ever known. Representatives of the canneries are here, making contracts for peaches and apricots. One cannery bought 300 tons of apricots to-day.

SANTA ROSA, May 16th.—The damage by frost is confined to vineyards and vegetables in comparatively small areas. No injury to cherries or other fruits is reported from any portion of Sonoma county.

SOMONA, May 16th.—Reports from all parts of Sonoma county are that the cherry crop, as well as other fruits, were not injured by the recent frosts. The cherry crop, however, is short from other and unknown causes.

ANTIOCH, May 16th.—No frost in this portion of Contra Costa. Cherries and grapes promise a bountiful crop.

HEALDSBURG, May 16th.—The cherry crop hereabouts is above the average. No damage was done here.

DIXON, May 16th.—From the most reliable reports received from the cherry districts we learn that there is no truth in the rumor that the crop has been injured by frost.

PETALUMA, May 16th.—The cherry crop will be good. Some damage occurred from wind in exposed localities. The orchards were mostly sheltered from the wind, and lost from fifteen per cent. loss. No loss from frosts.

SAPA, May 16th.—In this vicinity the apricots and apples are just beginning to ripen. The cherry crop is light, but not injured by frost. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

SAN JOSE, May 16th.—The light frost which fell a few days ago did slight damage to the cherry crop, but not to the other crops. The late frosts did slight injury to grapes, estimated at 10 per cent. loss. The yield is light, but grain promises well.

HOME AFFAIRS.

MONTANA REGENT WINS THE LOUISVILLE CUP.

The American Catholic University—A Boy's Terrible Death—News Concerning California Officers.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

CALIFORNIA APPOINTMENTS.

Smith, Hastings and Locke After the

WASHINGTON, May 16th.—[Special.]—The President informed today that to-day before the end of the week several appointments will be made. He did not indicate what the appointments would be. It is hoped that the position held by Register Heston will be filled by a resident of the Golden State. The name of the gentleman who will receive this office, if it is given to the Pacific coast, has not been published, and great secrecy is maintained regarding it.

The appointment of Receiver of the Land Office at Sacramento, to succeed Mr. Gardner, is daily expected. E. F. Smith, of the Pacific coast, is believed to have the most prominent claim. It is said that although the place would go to a "dark horse," Mr. Hastings is also an applicant for the position held by Register Heston, but the new Receiver of the Sacramento Land Office will be appointed, in all probability, before any change is made in the Register's office.

Before the end of the week information will be given to the public as to the names of the gentlemen who will receive the offices that will determine the selection of the Postmaster for that city. Sidney Lacy is no longer in the race. The President was yesterday informed that the names of some of the men whose claims were originally presented for the office, and he took time to-day to learn the names of the men who were in the race.

The appointment of the successor to the Supervising Inspector of Steam Vessels, Benoit, will not be long delayed.

A Californian who had an interview with the President, told Mr. Cleveland that he was the first President who had ever undertaken to appoint men from the Pacific coast to the highest offices of the State. He said that from the days of Pierce and Buchanan down to the beginning of the present administration, the California delegation in Congress had named the men who were given appointments in the State. The President was interested in this statement, and said he intended to assume the responsibility of all appointments, so far as it was possible, in view of the fact that the country, as well as the Pacific Coast.

EASTERN TURF.

Montana Regent Wins the Coveted Louisville Cup.

LOUISVILLE, May 16th.—This week's racing of the Louisville Jockey Club opened with a grand display of horse power and attendance that has been unprecedented. Colonel Clark, Colonel Faulkner and Captain Willard were present, and the race was a grand success. The track was fast and dry, and the time of the whole was good.

The Louisville Cup, two and one-quarter miles, was won by the favorite, the famous Montana Regent, who sold for \$100,000. The other starter, Solid Silver, was defeated by a wide margin. The race was a grand success, and the time of the whole was good.
